Further to your request for information dated 4 April 2016 the information requested is below:

NHS Dartford Gravesham and Swanley Clinical Commissioning Group do not have a date set for formulary review of the group of medicines listed. A review may be triggered by the following

1. A new NICE Technology appraisal

2. New NICE guidelines which affect prescribing of a particular drug or class of drugs.

3. When a local trust clinician makes a request for a drug to be included in the hospital formulary. If the drug is also prescribable in primary care

And the CCG agree that local GPs may prescribe it, then the CCG formulary will be reviewed
