1

4. How many Care and Treatment Reviews were completed for people with a diagnosis of learning disabilities in the financial year 2015/16?

1

Please Note:

This information relates only to care & Treatment (CRT) reviews undertaken by our team, i.e. some patients we now care have had CTRs undertaken by NHS England prior to being referred to us. Further CTRs have also been undertaken for patients with a diagnosis of autism but these have not been counted within the below return.

It is also worth reflecting that while your request asked questions regarding the number of CTRs undertaken 2012-2014, CTRs were only formally embraced by NHS England and CCGs for all patients in 2014/15. As such, NHS Dartford Gravesham and Swanley Clinical Commissioning Group commenced first CRTs in 2014/15.
