I would like to submit a freedom of information request for the following document relating to the following:

**ICT Documents:**

1. **ICT Strategy** - I require the documents that hold future plan and strategy of the organisation's ICT department.

2. **ICT Departmental Business Plan**

3. **ICT Technical Strategy**

NHS Dartford, Gravesham and Swanley CCG believe this information is exempt from disclosure under Section 22 (Information intended for future publication), because the information will be published at a future date. Section 22(1) states “Information is exempt information if (a) the information is held by the public authority with a view to its publication, by the authority or any other person, at some future date (whether determined or not)”.

As this is a qualified exemption, consideration has been taken as to whether the public interest in maintaining the exemption is greater than providing the information. In this instance, as the information is draft and subject to extensive review and further amendment, the public interest in withholding the information in relation to this exemption is greater than disclosing it.

The ICT Departmental Business Plan and ICT Technical Strategy are currently not available as these documents will be created after the ICT Strategy has been agreed and approved.

4. **ICT Structure**

NHS Kent and Medway Commissioning Support Unit provide our ICT and Telecommunications delivery and support services. The structure is shown below in Appendix 1.

5. **ICT Capital budgets and programmes**

The figures for ICT are part of the capital budget for NHS Dartford, Gravesham and Swanley Clinical Commissioning Group and the breakdown of this is in the table below.
