Ref 00116 DGS

Due to the way in which NHS treatments are coded it is not possible to ascertain the specific level of detail that you have requested to enable us to respond to your request.

The same HRG codes could be used by hospitals for a variety of different conditions and activity which means identifying this specific condition is not possible.

Therefore the CCG does hold the information that you have requested. However, you may wish to approach Provider Trusts to see if they can provide the information you require.
