Further to your request for information dated 30 August 2015 the information requested is below:

The current average waiting time from referral to treatment via IAPT.

This can be found on the Health & Social Care Information Centre data reports that are published publically at the following URL –

http://www.hscic.gov.uk/iaptreports

Total number of patients aged over 65 referred to therapy via IAPT in the latest year for which data is available.

176 – However due to data quality this value has been made as an approximation

How many patients aged 65+ waited longer than 28 days to start treatment in the latest

a) year

Data representative of 01.01.2015 to 31.07.2015

7

b) quarter

Data representative of 01.04.2015 to 30.06.2015

7

What targets have been set to improve the number of older people being referred and treated via IAPT services?

NHS Dartford Gravesham and Swanley Clinical Commissioning Group is working on improving access for all demographic groups, regardless of age.
