Dear

Further to your request for information dated 22 September 2017 the information requested is below:

- Over the last 12 months, how many referrals have you made to other organisations for children and young people (aged under 25) to receive:
  - neurological diagnostics (e.g. EEG and telemetry),
  - Post-surgery and other neuro-rehabilitation, by category; and
  - Behavioural assessment services, associated with neurological conditions?
- Please provide the names of the external organisations, including NHS partners that received the majority of these referrals, including the number of referrals?
- What was the highest, lowest and average price paid for these types of services?

The available to NHS Dartford Gravesham and Swanley Clinical Commissioning Group does not allow us to drill down to the level of detail asked for in your request. The CCG would therefore suggest that you contact relevant service providers directly to request the relevant information,

Please note, that the supply of information in response to a FOI request does not confer an automatic right to re-use the information. Under UK copyright law you can use any information supplied for the purposes of private study and non-commercial research without requiring permission. Similarly, information supplied can also be reused for the purposes of news reporting. An exception to this is photographs.

If you are unhappy with the service that you have received in relation to your request and wish to make a complaint or request a review of our decision you should write to
