Dear

Freedom of Information Request – DGS 134

Thank you for your recent request for information made under the Freedom of Information Act 2000, which was received by NHS Dartford Gravesham and Swanley Clinical Commissioning Group (CCG) on 25 October 2018. The information you have requested is below.

I would like a list of the price of every continuing care package that is funded by the CHC from both the 2016/17 and 2017/18 financial years. To define a continuing care package- A CHC funded package for those who have an ongoing health condition, whether this be the aftermath of a stroke, brain injury, spinal injury etc.

If 2016/17 and 2017/18 is too much I would request that only the 2017/18 data be given

This data does not need to be split in anyway, if there are 20 CHC funded packages a list of 20 prices will do. If there is more than one price per package the average would be great,

Please see attached spreadsheet.

Please note

Notified care package amounts are weekly amounts.
One off / equipment costs are represented as weekly amounts.
Individual patients may have more than one care package either simultaneously or through the course of the year in question as:

changes to care package amount will create a new additional care package.
patients may receive support from separate providers or from separately constructed and costed care packages simultaneously.

Detailed care package rates will have been in place for varying numbers of patients for varying durations.

We hope that this has dealt with your request for information however, should you remain dissatisfied, you have the right to request that we conduct an internal review of your request.
